## Enrichment Activities 2013-2014

	<p><b>Mommy &amp; Me</b> is the sports fitness program for toddlers (ages 12-36 months) and their grown-ups! We combine song, dance, and sports to create a fun and encouraging atmosphere. Our dynamic curriculum is designed to get toddlers engaged in active play in order to encourage a positive attitude toward sports and physical exercise in a safe environment. The program focuses on developing important building blocks for life: discipline, confidence, coordination, cognitive skills, motor skills, and fitness. It also introduces toddlers to structured play through a new sport activity each week.</p>
	<p><b>Kidokinetics</b> is the "Fun Way to Fitness" that's inspiring kids to get up, get moving and get in shape! Our fun-filled classes include activities that develop motor and cognitive skills while enhancing physical fitness. Kidokinetics teaches the basic concepts of various sports and other important physical exercises in an encouraging, high energy atmosphere.
